

“Judith Colell: 53 días de Invierno (53 days in Winter)”

Screening and Film Discussion

04/24/2014

4:00 pm – 7:00 pm

Fong Auditorium, Boylston Hall

Judith Colell, Spanish filmmaker and Vice-President of the Spanish Academy of Arts and Cinematographic Sciences, will be presenting her film "53 días en invierno" (53 days in Winter). Released in 2006, the film was a real surprise on the Catalan and Spanish film scene because of its unusual style and laconic narrative. This is a great opportunity to review it and to talk to its director. The screening will be followed by a film discussion with Esther Gimeno (Boston College), and Eloi Grasset (Harvard University).
